

# 13th National Conference on EARTHQUAKE ENGINEERING PORTLAND, OREGON | JULY 13-17, 2026

## 13NCEE Attendee List

EERI members can access contact information for members who have opted to share their email address in the EERI Membership Directory. Log in at [my.eeri.org](https://my.eeri.org).

| Role            | Badge Name            | Organization                                           | Title                          | Employment Sector           | Primary Discipline         |
|-----------------|-----------------------|--------------------------------------------------------|--------------------------------|-----------------------------|----------------------------|
| SDC Team Member | Ghanisht              | Indian Institute of Technology Bombay (Powai)          | Student                        | Student                     | Engineering - Civil        |
| 13NCEE Attendee | Brad Aagaard          | USGS                                                   |                                |                             |                            |
| 13NCEE Attendee | Godfred Ababio        | University of California Los Angeles                   | PhD Student                    | Educational Institution     | Engineering - Structural   |
| 13NCEE Attendee | Jacob Abcug, PE       | Pennsylvania State University                          | Mr.                            | Student                     | Engineering - Structural   |
| SDC Team Member | Youssef Abd Elmageed  | Ain Shams University                                   | Civil Engineer                 | Student                     | Engineering - Civil        |
| 13NCEE Attendee | Mostafa Abdelhafeez   | University of Hawai'i at Mānoa   WSP                   | Research Scholar               | Student                     | Engineering - Structural   |
| SDC Team Member | Mohamed Atef          | Shorouk Academy - SHA                                  | Student                        | Student                     | Construction               |
| SDC Team Member | Yomna Abdeltawab      | Ain Shams University                                   | Eng.                           | Student                     |                            |
| SDC Team Member | Habiba Ehab Ahmed     | HUM                                                    | Student                        | Student                     | Architecture               |
| SDC Team Member | Mohamed Abdoukarim    | University of Memphis                                  | Mr                             | Student                     | Engineering - Civil        |
| 13NCEE Attendee | Dr. Saman A. Abdullah | University of Sulaimani                                | RESEARCH SCHOLAR               | Educational Institution     | Engineering - Civil        |
| 13NCEE Attendee | Mahrooz Abed          | Cornforth Consultants                                  | Geotechnical Engineer          | Business/Industry           | Engineering - Geotechnical |
| 13NCEE Attendee | norman abrahamson     | UC Berkeley                                            |                                | Other                       | Other                      |
| 13NCEE Attendee | Omar Abukassab        | Phd Student, Univesity of Texas at Austin              | Mr                             | Student                     | Engineering - Geotechnical |
| 13NCEE Attendee | Dorian Acevedo-Mejía  | University of Texas at San Antonio                     | Ph.D. Candidate                | Student                     | Engineering - Structural   |
| 13NCEE Attendee | Shawna Ackerman       | California Earthquake Authority                        | Chief Risk & Actuarial Officer | Government - State/Province | Risk Analysis              |
| 13NCEE Attendee | Andres Acosta         | Degenkolb Engineers                                    | Designer                       | Business/Industry           | Engineering - Structural   |
| 13NCEE Attendee | Paul Acuña            | North Carolina State University                        | Research Assistant             | Student                     | Engineering - Structural   |
| SDC Team Member | Benji Adachi          | The University of Texas at Austin EERI Student Chapter | Student                        | Student                     | Engineering - Civil        |
| 13NCEE Attendee | Matti Adan            | Ariel University, Israel                               | Prof.                          | Educational Institution     | Engineering - Structural   |
| 13NCEE Attendee | Bruno Adriano         | Tohoku University                                      | Associate Professor            | Educational Institution     | Engineering - Civil        |
| 13NCEE Attendee | Kioumars Afshari      | Verisk                                                 | Senior Engineer                | Business/Industry           | Risk Analysis              |
| 13NCEE Attendee | Shehab Agaiby         | Cairo University, Egypt                                | Associate Professor            | Educational Institution     | Engineering - Geotechnical |
| 13NCEE Attendee | Mohammad Aghajani     | Walker Consultants                                     |                                | Business/Industry           | Engineering - Structural   |
| SDC Team Member | Julian Aguilar        | Universidad de las Fuerzas Armadas ESPE                | estudiantes                    | Student                     | Engineering - Civil        |
| SDC Team Member | Iman Ahmad            | Portland State University                              | Ms                             | Student                     | Engineering - Civil        |
| 13NCEE Attendee | Kamal Ahmed           | Schnabel Engineering - Seattle                         | PhD Candidate                  | Educational Institution     | Engineering - Civil        |

|                                      |                           |                                                     |                                          |                             |                             |
|--------------------------------------|---------------------------|-----------------------------------------------------|------------------------------------------|-----------------------------|-----------------------------|
| 13NCEE Attendee                      | Mohsen Akhani             | WSP USA                                             | Geotechnical Engineer                    | Business/Industry           | Engineering - Geotechnical  |
| SDC Team Member                      | Yasmine Al-Siss           | McGill University Seismic Design Team               | Ms                                       | Student                     | Engineering - Civil         |
| SDC Team Member                      | Habiba Alaa               | Ain Shams University                                | ENG                                      | Student                     | Engineering - Structural    |
| 13NCEE Attendee                      | Mohammad Alam             | University of Hawaii at Manoa                       |                                          | Educational Institution     | Engineering - Structural    |
| SDC Team Member                      | Arleny Alcantara Castillo | Universidad Iberoamericana (UNIBE)                  | Estudiante                               | Student                     | Engineering - Civil         |
| 13NCEE Attendee                      | Juan Aleman               | HDR                                                 |                                          | Business/Industry           | Engineering - Structural    |
| 13NCEE Attendee                      | Besrat Alemu              | GRI                                                 | Mr.                                      | Student                     | Engineering - Geotechnical  |
| SDC Team Member                      | Sarah Alessi              | University at Buffalo                               | Student                                  | Student                     | Engineering - Civil         |
| SDC Team Member                      | Fadhil Alghani Alghani    | Universitas Indonesia EERI Student Chapter          | Student                                  | Student                     | Engineering - Civil         |
| 13NCEE Attendee                      | Muhammad Ali              | University of Texas at San Antonio                  | PhD Student                              | Student                     | Engineering - Structural    |
| 13NCEE Attendee                      | Karim Aljawhari           | GEM Foundation & UCL                                | Dr                                       | Educational Institution     | Engineering - Structural    |
| 13NCEE Attendee                      | Jonathan Allan            | Oregon Department of Geology and Mineral Industries | Coastal Geomorphologist                  | Government - State/Province | Earth Sciences - Geology    |
| 13NCEE Attendee                      | Edward Almeter            | Haselton Baker Risk Group                           | Senior Research Engineer                 | Business/Industry           | Risk Analysis               |
| SDC Team Member                      | Alona Alonso              | University of Memphis                               | Student                                  | Student                     | Engineering - Civil         |
| 13NCEE Attendee                      | Jason Altekruze           | U.S. Geological Survey                              | Geophysicist                             | Government - Federal        | Earth Sciences - Seismology |
| SDC Team Member                      | Ömer Altuğ                | Yozgat Bozok Üniversitesi                           | öğrenci                                  | Student                     | Engineering - Civil         |
| 13NCEE Attendee                      | Ivan Alvarez Lopez        | HDR Inc.                                            | Structural EIT                           | Business/Industry           | Engineering - Structural    |
| SDC Team Supporter - Faculty Advisor | Olfat Aly                 | The Higher Institute of Engineering                 | Professor of Civil Engineering           | Educational Institution     | Engineering - Civil         |
| SDC Team Member                      | Stefan Amarie             | UTCB                                                | student                                  | Student                     | Construction                |
| SDC Team Member                      | Mohamed Amr               | HUM EERI student chapter (HELWAN University)        | Civil Engineering Student                | Student                     | Engineering - Civil         |
| 13NCEE Attendee                      | Thalia Anagnos            | Faculty Emerita, San Jose State University          | Faculty Emerita                          | Educational Institution     | Engineering - Civil         |
| 13NCEE Attendee                      | Isabel Andaya             | Black & Veatch                                      | Associate Structural Engineer            | Student                     | Engineering - Structural    |
| 13NCEE Attendee                      | Stephen Anderson          | Seattle Public Utilities                            | Planning Engineer                        | Government - City/County    | Engineering - Civil         |
| 13NCEE Attendee                      | Carmen Andrade            | Stanford University                                 | Student                                  | Student                     | Engineering - Structural    |
| SDC Team Member                      | Mia Andreeva              | University of Washington                            | N/A                                      | Student                     | Engineering - Civil         |
| 13NCEE Attendee                      | Shannon Andrews           | Holmes                                              | Project Engineer                         | Business/Industry           | Engineering - Civil         |
| SDC Team Member                      | Royce Andrews             | Cornell University                                  | Student                                  | Student                     | Engineering - Civil         |
| 13NCEE Attendee                      | Elizabeth Angell          | Pacific Northwest Seismic Network                   |                                          | Non-Profit                  | Social Sciences             |
| 13NCEE Attendee                      | Nonika Antonaki           | WSP                                                 |                                          | Business/Industry           | Engineering - Geotechnical  |
| SDC Team Member                      | Stephen Antonios          | University of British Columbia                      | Architecture Team Member                 | Student                     | Architecture                |
